DETAILED ACTION

CLAIMS PRESENTED

Claims 1-27 are presented.

Response to Arguments

Regarding applicant's remarks regarding all issues other than rejection under prior art, applicant's remarks are held to be convincing.

In response to applicant's argument that the references fail to show certain features of applicant's invention, it is noted that the features upon which applicant relies (i.e., the user space and kernel space being particularly allotted for such particular memory handlings as noted in the Remarks section of the Amendment) are not recited in the rejected claim(s). Where, among the limitations of the claims, are such particular features recited? Claims, as quoted in the Remarks, recite only "first" and "second" memory area. The limitations do not exactly restrict the encryption and decryption occurring as described in the Remarks.

Although the claims are interpreted in light of the specification, limitations from the specification are not read into the claims. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993).

CLAIM REJECTIONS

Claims 1-17, 26-27 are rejected as noted in the previous Office Action.

The other claims are allowed for the reasons noted in the previous correspondences, such as noted in the amendment.

Conclusion

The art made of record and not relied upon is considered pertinent to applicant's disclosure. The art disclosed general background.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
